**October 1, 2020**  
**Further Update - Component C Montreal**

As promised, the CCEB continues to work on resolving the unfortunate cancellation of the October 4 CCEB Component C examination administration in Montreal brought about by increased COVID-19 related public health restrictions in the region.

The OCQ has been extremely helpful in connecting us with contacts at both the ministries of health and higher education. In the past 24 hours, we have had conversations with both and we are currently seeking an exemption from the ministry of health in order to be able to conduct our exams in Montreal in spite of the increased restrictions. The feedback to date has been positive, and both the OCQ and ministries are supportive of the imperative work of the CCEB.

We do anticipate receiving an exemption and, once in place, we will notify candidates of the new examination administration details. Our goal is to give candidates as much advance notice of the exam date as possible; at this time, we intend to maintain the examination in Montreal and conduct it as usual over a weekend. Our goal is to minimize any further disruption to candidate schedules.

We understand this is frustrating. Please know that the staff team at the CCEB along with the OCQ are committed to resolving the matter as quickly as possible.

**What should you do now?**

If you would prefer to postpone your Component C examination until the February examination administration, please email [exams@cceb.ca](mailto:exams@cceb.ca) and request a full refund.

If you would like to have an opportunity to write your Component C examination at an alternate administration to be scheduled as soon as possible, then please wait to receive further information. If, at that time, you determine that you are unable or unwilling to attend the new date or location of the next administration, you can request a full refund at that time.

**Please note we are not able to accommodate requests to move to a different exam site at this time.**

It is our commitment to communicate transparently and simultaneously with all impacted candidates in a timely manner.

Please read any emails you receive from the CCEB thoroughly. We ask that you verify that any information regarding the CCEB examination comes directly from the CCEB to ensure accuracy.
