FOR IMMEDIATE RELEASE

The Board of Governors wishes to extend a heartfelt thank you to Gemma Beierback for her revolutionary work with the CCEB. Under her visionary and steadfast leadership, our ever-evolving organization has become the gold standard for entry-to-practice (ETP) examinations nationwide.

During her almost seven years as CEO, Gemma has significantly enhanced our operations, demonstrating exceptional fiscal stewardship and fostering an inclusive culture. She skillfully guided us through the uncertainties of a global pandemic, ensuring we were one of the few ETP organizations to operate with minimal disruption. She has consistently excelled in her performance reviews and has cultivated an environment of job satisfaction among both staff and the hundreds of volunteers who have served under her leadership.

Gemma's relentless commitment, passion, ingenuity, intelligence, connectivity, and ability to inspire have transformed the CCEB into an organization that the chiropractic profession is proud of and grateful for. Her legacy will provide a strong foundation for her successor, positioning the CCEB for continued success. We wish Gemma nothing but the best in her future endeavours and are eternally grateful for the profound impact she has made on the CCEB and the chiropractic community.

Sincerely,

The CCEB Board of Governors
